Property Zoning

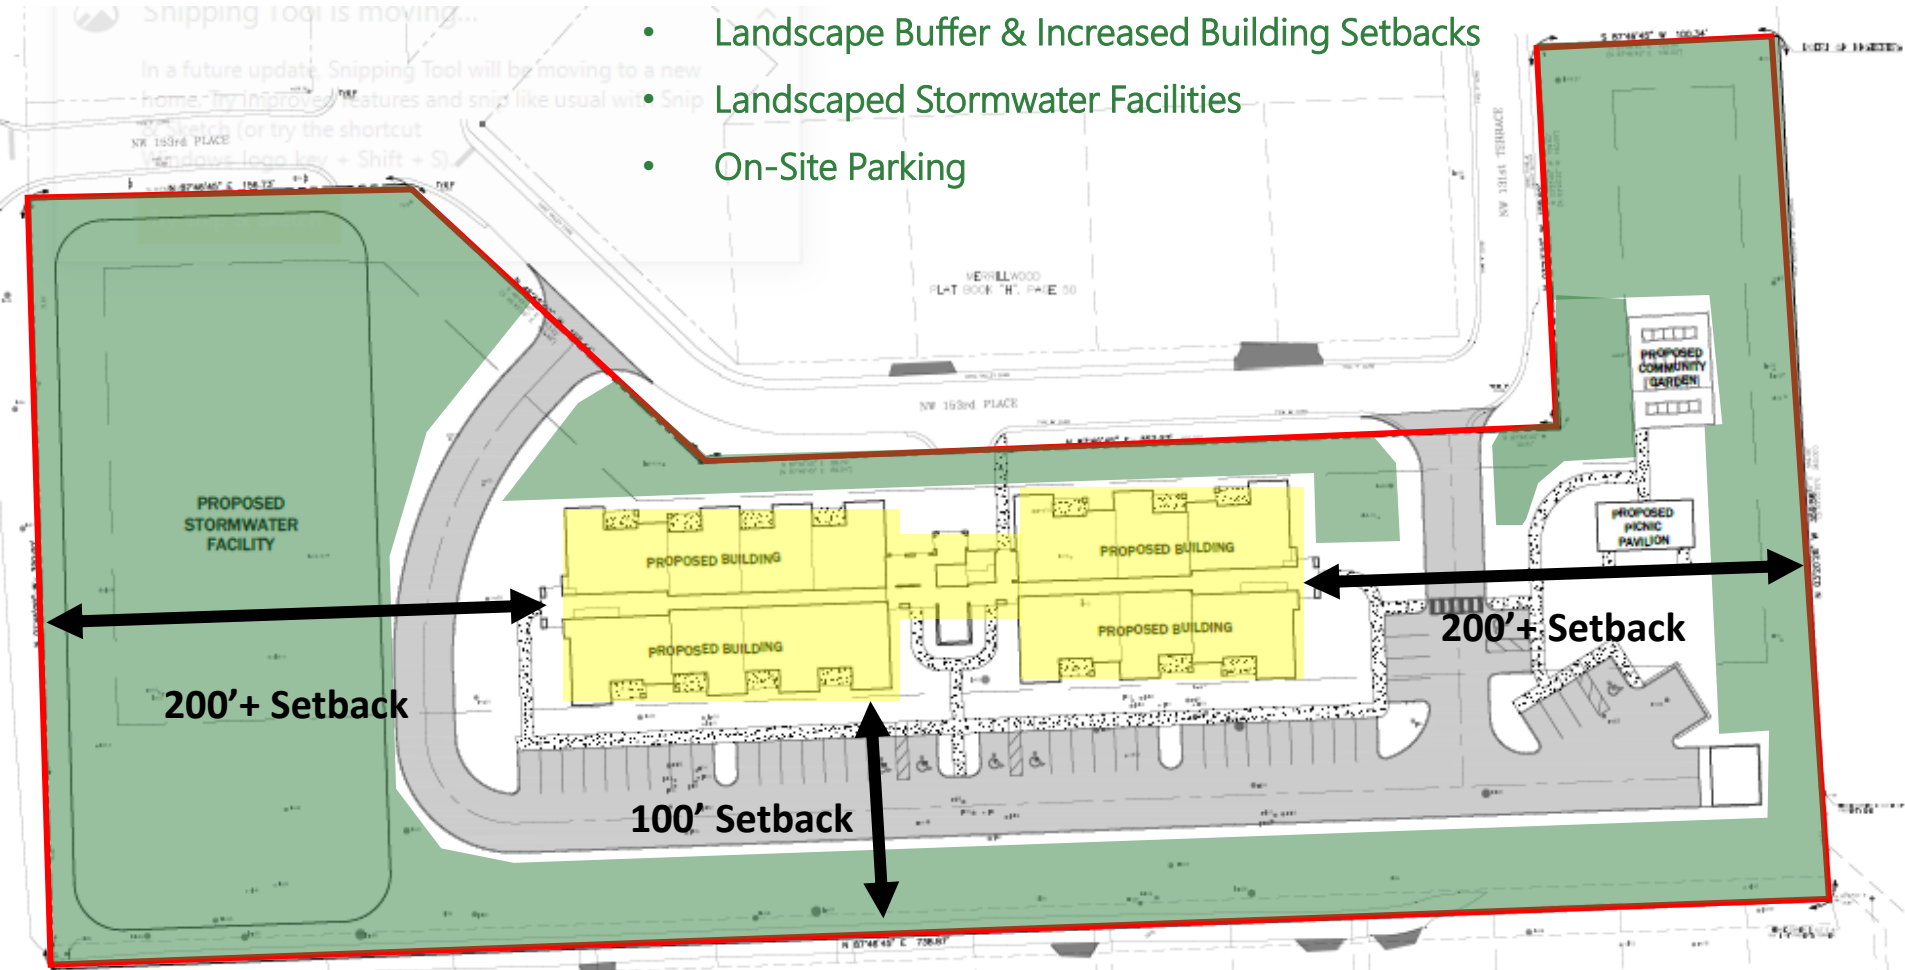

3.4.2 List of residential districts and specific purposes.

(G) *RMF-8, Residential Multiple Family District-8. The RMF-8 district is established and intended to encourage a mixture of medium-density housing types, including single-family detached, townhouses, two- to four-family, and multiple-family dwellings, in areas served by water and sewer systems. Complementary uses customarily found in residential zone districts, such as community facilities, religious institutions, parks and playgrounds, and schools, are also allowed. The maximum density allowed is eight dwelling units an acre.*
